Program Description:

Please provide a description of your program including number of days per week an individual student will attend, length of lessons, ages of students, number of students in a lesson, skills taught, and safety standards followed. This should provide a thorough overview of your program. If you need additional space, feel free to attach an extra sheet to cover this area thoroughly.

Program Effectiveness:

Approximately how many students have you taught self-rescue skills? _____

How many of your students have successfully used self-rescue skills in an aquatic emergency? _____

Do you have any parent testimonials to address the efficacy of your program? If so, please attach.

Lesson Fees:

Please explain your standard lesson fees including special discounts you provide:

How do your lesson fees compare to lesson fees of similar programs in your community? Please provide cost examples and identify programs you are comparing.

** If you are an ISR instructor please submit your active ISR URL along with your request for consideration. This will suffice for proof of items above with an *.

Scholarship Reimbursement Requirements:

I, _____, understand and consent to the following restrictions on scholarship reimbursements:

- Parents must complete the scholarship application and instructor must receive notification from SSF, Inc. that the family qualifies for scholarship based on income in order for the instructor to qualify for reimbursement.
- Scholarship money will be paid directly to the instructor after completion of lessons, provided that the appropriate reimbursement requests are completed including a parent testimonial of scholarship lessons and a photo of the scholarship child floating fully clothed independently.
- Payments received from parents/guardians and payments received from the scholarship fund combined cannot exceed usual and customary lesson fees.
